Dear Roy

On behalf of the British Columbia Bottle Depot Association I would like to thank you for your presentation of Staff Retention at our 11th Annual General Meeting Conference on October 13th 2006. You provided valuable information to our members through your well organised presentation, personal knowledge and dynamic personality.

One of our members was so enthused by your presentation she went back to Dawson Creek and implemented your ideas right away (see page 2).

We look forward to having you return for another presentation sometime in the future.

Again our thanks.

Corinne Atwood
Executive Director

DC Recycling thanks the team for its dedication, commitment and hard work and declares them our prime asset!

We now require that bottles be sorted in the bins into types ie: cans, small, plastic, large plastic, liquor, coolers, beer, etc., but we'll still count the bottles for you.

Full refund on pop, water, juice containers, wine, liquor, and imported cooler bottles!

We buy non-ferrous metals (non-magnetic) at competitive prices

We're your one stop enviro center!
