Dear Roy

I want to thank you for the exceptional workshops you delivered in our region in early November. Along with our partners, The Towns of High River & Okotoks; The Chambers of Commerce of both High River & Okotoks; and the Economic Development Committees of both these communities, we all felt the materials, the message and the delivery were exactly what we needed and wanted.

In conversation with some of the attendees, they were overjoyed at the learning that took place and the usable material they could incorporate into their everyday business operations. The real live examples used kept the 3 hours of training enjoyable and real and this translated into focused and entertaining sessions.

From the feedback both sessions, while of different content, seemed to flow into one another and those who attended both felt they matched up well.

Thanks you again for a successful two (2) evenings in our region.

Sincerely,

John Lockhart
General Manager

Growing communities one idea at a time.
