To Whom It May Concern,

The Community Futures Development Corporation of Howe Sound has used the professional services of Mr. Roy Prevost on numerous occasions, each time with wonderful results.

Mr. Prevost brings to our clients the perfect mix of real world expertise and proven advice, which is always tailored to the particular needs of the client.

We were particularly impressed recently by Mr. Prevost's ability to converse in fluent French on a moment's notice with one of our clients who did not speak English as her first language. This anecdote speaks volumes of Mr. Prevost's commitment to complete customer satisfaction.

We would recommend Mr. Prevost's services to any organization interested in a dynamic and successful approach to marketing that is solutions-focused in all respects.

Sincerely,

Jeff Dawson
General Manager
