To whom it may concern:

The Labrador West Chamber of Commerce is very pleased that they had the opportunity to bring Mr. Roy Prevost to Labrador West to conduct a seminar on "Prospering in the Big Box World." Mr. Prevost brought a positive attitude to the business leaders and was very energizing in his approach to help small businesses compete with the big retail giants.

The seminar allowed the business community to examine approaches that were used by other businesses to help them build on their profile and clientele within their communities. Mr. Prevost was an inspirational speaker and has great experience in entertaining his audience. The Chamber is pleased with the outcome of the event and received a lot of positive feedback from the participants involved. Their attitude toward their business is more positive and has allowed them to be more confident in promoting their product and/or service.

The Labrador West Chamber of Commerce would recommend Mr. Roy Prevost to any business who is looking for new techniques to help them compete in the changing business environment.

Sincerely,

Shauna Harris  
Executive Director  
Labrador West Chamber of Commerce
