

To Whom It May Concern:

The Winkler & District Chamber of Commerce had the privilege of having Mr. Roy Prevost present a seminar/workshop on "Prospering in a Big Box Retail World" and we were not disappointed to say the least. His easy-going, practical down-to-earth presentation enhanced with topical humour was most appreciated and valued by the 100 participants who attended. Any small retailer can readily apply the ideas presented.

We would without hesitation recommend Roy as a seminar/workshop leader. He knows his "stuff" and has a unique ability to relate extremely well to all who want to learn from his experience and knowledge.

Yours truly,

Walter Siemens  
General Manager  
Winkler & District Chamber of Commerce
