To whom it may concern:

The Kenora & District Chamber of Commerce would like to thank Roy Prevost for his extremely educational and informative seminar "Prospering in a Big Box Retail World" held here in Kenora on April 28, 2003. The seminar was a huge success with over 70 people participating!

With a new mall opening in Kenora in the near future and the possibility of a big box store following, the Chamber of Commerce decided to take a positive approach and began our search for seminar speakers.

Mr. Prevost came very highly recommended by many other cities and Chamber's of Commerce. Roy was very cooperative with us and was a tremendous pleasure to work with. The Kenora & District Chamber of Commerce has hopes of hiring Roy again with a follow-up seminar.

Yours truly,

Denise Chmeliuk
