Dear Roy:

The "Prospering In A Big Box Retail World" seminar that we had arranged for two locations within our area was met with great enthusiasm from those who participated.

Your presentation was resourceful, creative and solution oriented providing a variety of innovative approaches to surviving in retail for small to medium sized businesses with the focus being on the downtown core.

Thank you for sharing your ideas and providing some competitive ways for our local businesses to prosper.

Yours truly,

Gerrit DeBruyn
Executive Director
