

February, 2003

**To Whom It May Concern,**

Roy Prevost was a guest speaker at the Oceanside Tourism Association Annual General Meeting held in Parksville, British Columbia on January 29,2003.

Roy's presentation on "The Changing Face of Tourism" was very well received by those in attendance. Many of our members later commented on the information Roy shared and indicated they felt it would be of assistance to them in future planning.

Roy maintained the audience's attention with his humour and insight. The presentation included a number of case studies and information geared specifically to the concerns of our members regarding future trends and what can be done to benefit from the coming changes.

Roy was a joy to work with and I would recommend him without hesitation. If you have any questions or would like to discuss Roy's work further I can be reached at 250-752-2388 or by e-mail at [geoffc@oceansidetourism.com](mailto:geoffc@oceansidetourism.com).

With Respects,

Geoff Corbett, Marketing Director  
Oceanside Tourism Association
