Dear Mr. Prevost,

Re: Big Box Store Seminar hosted by the Weyburn Chamber of Commerce

Once again we would like to thank you for delivering such a positive, uplifting message to our business community. Your business savvy and expertise in “Big Box Retail” makes you a highly effective speaker on the subject. Your valuable suggestions helps the clients differentiate themselves from their competition and give their customers the extra value; both important points to succeed in today's fast moving economy. The tangible customer service tips and skills that attendees took home were invaluable. The “workshop” style of your seminar allowed interaction and networking among fellow business owners which has since been suggested as something they would like to do on a regular basis. Participants commented on how the presentation had practical strategies combined with enthusiasm and inspiration.

Please keep us in mind if you are working in the area as we would certainly consider another seminar/workshop in the future.

Sincerely,

Carole Coccimiglio
Manager
